

# POOL CHECK™

## CYANURIC ACID

### PART NUMBER 480342

Pool Check Pro™ for Cyanuric Acid marks a breakthrough in pool & spa test strips. Designed around our unique dual-pad indicator system, Pool Check Pro™ for Cyanuric Acid accurately reports results in seconds. With our dual-pad indicator system, Pool Check Pro™ for Cyanuric Acid takes the guess work out of color matching.

#### Test Procedure:

1. In the vial add 2ml of pool water using the supplied pipette and 3ml of Cyanuric Acid Reagent.
2. Cap the vial securely and shake for **15 seconds**.
3. Remove one Cyanuric Acid test strip from this bottle, remove the vial cap, and dip the strip into the vial for **15 seconds** with a constant, gentle, back-and-forth motion.
4. Remove the strip, shake once, briskly, and **match to closest color blocks within the next 30 seconds**.

#### Detection Range:

**Cya:** 0, 25, 50, 75, 100, 125, 150, 300 ppm

#### Packaging:

35 Strips
