

# OZONE

# POOL CHECK™

## PART NUMBER 480347

Pool Check Pro™ Ozone gives you accurate results in only 30 seconds. The low detection ability with this strip is possible because of the unique aperture feature. The simple dip-and-read procedure makes testing easy, as no technical experience is required to run the test.

### Test Procedure:

Simply dip one test strip into a 50mL or larger water sample with constant, gentle back-and-forth motion for **10 seconds**. Remove the strip, shake once, briskly, to remove excess water and **wait 20 seconds**. Then, view through the aperture to match with the closest color.

### Detection Range:

Ozone: 0.05, 0.1, 0.2, 0.3, 0.4, 0.5 > ppm

### Packaging:

50 Strips

Also Available For Private Label.
